

www.cnu.org

Homepage of Congress of the New Urbanism

www.trailsandgreenways.org

The clearinghouse provides technical assistance, information resources and referrals for trail and greenway advocates and developer across the nation.

www.railtrails.org

Homepage of Rails-to-Trails Conservancy, a group that aims to enrich America's communities and countryside by creating a nationwide network of public trails from former rail lines and connecting corridors.

www.sierraclub.org/sprawl

The Sierra Club is calling attention to the problem of sprawl with yearly reports, providing resources for activists across the country, and exploring how transportation patterns can be improved to make our neighborhoods safer and more convenient.

www.sonic.net/abcaia/narrow.htm

This database includes communities that have recently adopted reduced street width standards as one of the first steps to achieving more livable street design. Also included are contact and resource lists.

www.walkable.org

Homepage of Walkable Communities, Inc., a non-profit group established in 1996 to help communities and neighborhoods become more walkable.

www.planning.org

Homepage of the American Planning Association.

www.pps.org

Homepage for Project for Public Spaces, a nonprofit organization dedicated to creating and sustaining public places that build communities.

www.pps.org/issue_papers/Health_and_community_design.htm

A site explaining Project for Public Spaces' belief that great public spaces – those that allow for physical activity – can turn around the declining situation in public health.

www.sprawlwatch.org

The Sprawl Watch Clearinghouse mission is to make the tools, techniques, and strategies developed to manage growth, accessible to citizens, grassroots organizations, environmentalists, public officials, planners, architects, the media and business leaders.

www.walkinginfo.org

A website with resources to help make your community walkable.

www.roads.dft.gov.uk/roadnetwork/ditm/tal/walking/06_00/index.htm

The United Kingdom's Department of Transport website describing their guidelines for providing journeys on foot.

www.plainfieldnj12.org/pcp/

Website of the Plainfield, New Jersey schools system describing their smart growth initiatives in school design and renovation.

www.concordia.com

Homepage of Concordia Architecture and Urban Planning, a nationally recognized planning and architectural design firm based in New Orleans, Louisiana with offices in Pasadena, California whose work emphasizes community participation and integration.

www.fhwa.dot.gov/tcsp/studies.html

A list of selected references evaluating the relationship between travel and land use compiled by the US Department of Transportation Federal Highway Administration as part of their Transportation and Community and System Preservation Pilot Program.

www.friends.org/resources/lutraq.html

1000 Friends of Oregon website describing how they helped Portland grow, say no to a big highway and stay healthy

www.activelivingbydesign.org/

Homepage of Active Living by Design, a national program of The Robert Wood Johnson Foundation and a part of the UNC School of Public Health in Chapel Hill, North Carolina designed to establish and evaluate innovative approaches to increase physical activity through community design, public policies and communications strategies.

www.smartgrowth.org/library/gore_schools.html

Website describing and providing links about the Clinton-Gore Livability Agenda to build livable communities for the 21st century.

www.pegasus.com/levpoints/bingler.html

A brief synopsis of an interview with Steven Bingler entitled Building Community Through "Healthy Chaos."

www.smartgrowthamerica.org/sprawindex/sprawindex.html

Links to a PDF of a report by Reid Ewing of Rutgers University and Rolf Pendall of Cornell University that is the most comprehensive effort yet undertaken to define, measure and evaluate metropolitan sprawl and its impacts.

www.tcaup.umich.edu/facultystaff/faculty/stricklandrprofile.html

Biographical information page for Roy Strickland, Associate Professor and Director of Urban Design at the Taubman College of Architecture and Urban Planning at the University of Michigan.

www.sprawlcity.org/index.html

A website about consumption growth and population growth and their roles in the urban sprawl that destroys natural habitat and farmland around U.S. cities.

www.cdc.gov/healthyplaces/

The Center for Disease Control website concerned with the interaction between people and their environments, natural as well as human-made, and how this relationship continues to emerge as a major issue concerning public health

www.njfuture.org

The homepage of New Jersey Future, the state's largest smart-growth advocacy group.

www.trailsandgreenways.org
